de Monaco**

AGENDA

Planning your OOH campaigns in 5 steps

Our OOH offering *And key stats to support your media plans*

Technical specifications *And tips for top OOH campaigns*

PLANNING YOUR OOH CAMPAIGNS IN 5 STEPS

1

The Brief

Send your requests via email at the following email address:
affichage@mairie.mc

Possibility to put 4-weeks options to hold our OOH opportunities awaiting final confirmation (on request).

2

The Planning

Please kindly expect approx. 2 working days leadtime for the management of your requests.

3

The Confirmation

Confirmation of your campaigns by email at the following address:
affichage@mairie.mc, followed by the endorsement and shipment of original contracts by Post.

4

The Payment

30 days payment conditions for direct advertisers and agencies registered in Monaco.

Pre-payment for entities registered outside Monaco (see general conditions).

5

The Campaign Report

Possibility to proceed with a pictures report (optionnal).

On-going campaign planning optimizations

DESCRIPTION

The Lightboxes LUX Networks represent an iconic format in Monaco. Offering 100% share of voice, they meet a repetition objective with a combination of locations located along major axis, near tourist attractions, as well as within Monaco's pedestrian areas.

Target both local and international (residents, business, tourists).

Network example – 8 possible networks offering a balanced coverage of the Principality of Monaco.

LIGHTBOXES LUX NETWORK – LUX A

STATIC NETWORK - ETENDARDS OSTENDE

Typology of site

INSTALLATION DAY

Any day within the week

MINIMUM BOOKING PERIOD

1 day

TECHNICAL SPECIFICATIONS

Format	Static , unlit
Number of faces	12 (6 double-sided panels)
Size	81 x 125 cm

Technical specifications to be provided to your graphic designer available at the end of the presentation.

PLANNING

Booking deadline 2 weeks before campaign start
Printed material to be delivered 10 days before campaign start

DESCRIPTION

The Etendards are static panels installed at two strategic locations in Monaco: avenue d'Ostende (6 double-sided panels) and tunnel Louis II (10 double-sided panels).

Avenue d'Ostende, world famous thanks to the F1 circuit, overlooks the harbour, going up towards the famous Casino.

The Ostende network includes 6 double-sided panels located along the avenue and these locations affect both pedestrian and vehicle traffic. They also make it possible to ensure a repetition of the message thanks to the installation of the panels in a row.

Scan or click the QR code to access our interactive map.

STATIC NETWORK - ETENDARDS LOUIS II

Typology of site

DESCRIPTION

The Etendards are static panels installed at two strategic locations in Monaco: avenue d'Ostende (6 double-sided panels) and tunnel Louis II (10 double-sided panels).

The Louis II tunnel connects the Larvotto beaches and its hotels to the Port district. The tunnel is used by a business audience during professional events (for example to connect the Fairmont to the Yacht Show, etc.) as well as a leisure audience to access the Rainier III auditorium.

The 10 double-sided faces are also located in direct proximity to the new Mareterra eco-district.

These locations affect both pedestrian and automobile traffic and offer to ensure a repetition of the message thanks to the installation of panels in a row.

Scan or click the QR code to access our interactive map.

File delivery deadline 10 days before campaign start

DESCRIPTION

The medium-sized digital formats are sold weekly or for 4 consecutive weeks, only in networks. Each network is composed of 7 locations and will meet a repetition objective, with a combination of faces located along the main axes, as well as within the pedestrian areas of Monaco. This network with a balanced coverage of Monaco will offer dynamic content to advertisers looking for qualitative and animated formats.

Scan or click the QR code to access our interactive map.

TRAIN STATION DIGITAL NETWORK - 41 faces

Prince Pierre Gallery

20 LCD screens 43"

12 screens along travelators
LCD screens 32"

Sainte Dévote Gallery

9 LCD screens 55"

DESCRIPTION

The Train Station Digital network consists of 41 digital screens in both landscape and portrait formats, strategically distributed throughout the Prince Pierre and Sainte Dévote Galleries. Located along one of the main pedestrian traffic routes, it effectively captures flows coming directly from the Monaco train station, a major gateway to the Principality. This network benefits from a dense and high-quality audience, combining highly recurrent commuter traffic with international tourists who have a strong level of attention. The combination of sustained foot traffic, prolonged exposure, and a premium environment gives this network maximum visibility and optimal impact for communication campaigns.

DESCRIPTION

Benefiting from triple exposure in the heart of Monaco, this location enjoys high levels of both pedestrian and vehicular traffic, situated between the Prince-Pierre district, Ilot Pasteur and Place d'Armes. It offers particularly strong visibility among local residents, professionals working in the area, as well as the many visitors and tourists who travel along this strategic route on a daily basis. An ideal location for ensuring maximum visibility and reaching a diverse audience, both during the day and in the evening. The location can be booked individually or as part of a network for a period of one week. It can also be booked on a long-term basis under the following references:

- **LC 11** – Promenade: pedestrian traffic coming from Ilot Pasteur – Médiathèque, Fontvieille
- **LC 12** – Prince Pierre: vehicular and pedestrian traffic coming from Boulevard Prince Pierre
- **LC 13** – Gare: vehicular and pedestrian traffic coming from the train station

DESCRIPTION

Located at the corner of Place d'Armes and Rue Grimaldi, this location is at the heart of Monaco's vibrant local life. It is in the immediate vicinity of the Condamine Market, a popular spot for professionals working in the area, who come here for lunch, as well as a destination where local producers offer fresh produce in the mornings. The area is also highly popular in the evening, thanks to the many restaurants and community events held nearby. Situated at the foot of the Rock, this location is also a key access point to Monaco-Ville and its many attractions. It therefore benefits from excellent visibility among tourist traffic, particularly visitors arriving from the train station. The location can be booked individually or as part of a network for a one-week period. It can also be booked for long-term holding under reference **LC 14**.

DESCRIPTION

Located just steps away from Monte-Carlo's Place du Casino and the Métropole Shopping Center, this location enjoys a prime position at the heart of Monaco's prestigious setting. It primarily targets an international and tourist clientele, within an iconic environment bringing together some of the Principality's most prestigious addresses. Its immediate proximity to the Carré d'Or, renowned restaurants, the Monte-Carlo Casino, and luxury boutiques makes it a particularly strategic location, offering excellent visibility among an international clientele. This location is available for individual reservation as a long-term holding, reference **LC 18**.

DESCRIPTION

Located in the immediate vicinity of the Fontvieille Shopping Centre, this double-sided LED screen enjoys a strategic position at the heart of Fontvieille's residential and business district. Both sides face pedestrian traffic and are also clearly visible to motorists. Their proximity to shops, businesses and Fontvieille's main daily destinations makes them a prime advertising medium at the heart of Monaco's business and commercial life.

With high daily footfall, they offer excellent exposure and strong message repetition. The location can be booked individually or as part of a network for a one-week period. It is also available for long-term preservation under references **LC 43** (towards Louis II Stadium) and **LC 44** (towards the shopping centre).

DESCRIPTION

Ideally located on Rue Princesse Caroline, one of Monaco's most vibrant pedestrian streets, this premium double-sides LED screen benefits from constant foot traffic throughout the day. The location attracts a diverse and affluent audience, including residents, office workers, shoppers, and tourists circulating between the Condamine district, Port Hercule, and surrounding retail and dining areas. With its strong visibility in a high-density pedestrian environment, the screen delivers impactful exposure at close range, maximizing attention and engagement.

Screen located in the heart of the fan zone during GP periods.

The location can be booked individually or as part of a network for a one-week period. It is also available for long-term preservation under references **LC 45** (pedestrian street side) and **LC 46** (Quai Albert 1er side).

DESCRIPTION

Located in the heart of Boulevard d'Italie, this site benefits from heavy pedestrian and vehicle traffic heading toward the La Rousse and Larvotto districts via the city's eastern exit (Monaco–Menton direction). Situated in the residential Monte-Carlo area, in close proximity to Place des Moulins, Boulevard des Moulins (a main shopping street), and the iconic Tour Odéon, this digital screen enjoys a vibrant and high-traffic environment. The presence of numerous shops and convenient parking options nearby (valet service, reserved customer parking spaces) contribute to a strong audience concentration around the medium. The location can be booked individually or as part of a network, for periods ranging from 1 to 4 weeks, with the option of a long-term rental under reference **LC 05**.

International attractiveness

Europe's Best Destination in 2025 (out of 500 destinations), voted for by over 1 million travellers from 172 countries.

- Nearly 6.7 million visits recorded in 2025.
- €1.4 billion in direct visitor spending generated.
- Tourists staying in Monaco account for just 7.5% of visits but generate more than 60% of the economic impact.
- An international visitor base, with 42% of tourists coming from outside the European Union.
- A study confirming the value of prioritising high-quality, sustainable tourism that generates significant economic benefits.

A **large high-end hosting capacity** with a hotel portfolio of nearly 2,500 rooms and suites, over 150 venues for meetings and receptions, and more than 70,000 m² of dedicated event spaces.

Unparalleled appeal thanks to **world-renowned events** such as the Formula 1 Grand Prix, the Monaco Yacht Show, the Monte-Carlo Masters tennis tournament, and major B2B business events.

A diverse local and international audience

A cosmopolitan country home to 144 nationalities, with a record population density of 18,681 inhabitants per km² in 2025.

Beyond its residents, more than 54,000 people commute to work in the Principality every day, across 5,000 companies, including major international brands. This represents a daily working population 1.5 times the size of the resident population, creating a diverse local audience.

100% REACH

Sources

Relevance of Out-of-Home Media in Monaco: OOH is THE relevant medium for all your communication objectives across the Principality — from awareness and consideration to conversion. This local specificity is justified by the territory's small size of just 2 km², resulting in an out-of-home media market share estimated to be higher than neighboring markets.

Maximum reach and frequency through the Mairie network, the largest in the Principality, with over 200 panels located at strategic points: city entrances, main roads, streets, and pedestrian galleries.

To be shared with your printer	Paper weight	From 450 to 650 gr/ m²	n/a	n/a
	Material	Recyclable or biodegradable backlit diffusing banner for illuminated display units, such as the Isermatic KPPS Crystal range (front-facing keder edging, finished with a cover trim). The material must be weather-, UV- and tensile-resistant.	Removable self-adhesive vinyl that leaves no residue on the surface after removal, with grey adhesive and a matte laminated finish. The advertising space must be returned in good condition, free of any adhesive residue. Do not use sharp objects to remove the vinyl, as this may scratch the surface.	Removable adhesive translucent vinyl. Matte lamination recommended. The advertising space must be returned in good condition, free of any adhesive residue. Do not use sharp objects to remove the vinyl, as this may scratch the surface.
	Print dimensions <i>Bleed to be added to the high-resolution file</i>	A minimum bleed of 0.2 m must be added on all sides. If an installation guide mark has not been included in the original artwork, please add one before printing to ensure accurate positioning of the banner on the display unit during installation. The mark should be a thin horizontal line, no more than 0.5 cm thick at actual size, placed at the top of the artwork.	Print size = overall dimensions of the medium	Print size = overall dimensions of the medium
	Printing method	High-definition digital printing with a calibrated double pass for backlit applications, ensuring uniform brightness and vivid colours, even on large-format displays.	High-definition digital printing with a calibrated double pass.	High-definition digital printing with a calibrated double pass.

TIPS FOR TOP OOH CAMPAIGNS

Having the right media placements is essential.

But to maximize effectiveness and achieve your objectives, you also need to **adapt your creative to the out-of-home format**.

✓ 2 key tips:

1) BE CONCISE:

Keep messages to a **maximum of 7 words** for readability in 3 seconds.

2) CONSIDER THE CONTEXT:

Adapt your creative to the **panel and its environment** (location, timing, audience).
